

# Christ Church Chilwell Inclusion Policy

---

We welcome everyone regardless of:

- age
- gender
- sexuality
- ability
- race
- background
- language
- religion

We are committed to a programme of improvements which seeks to enable access and involvement for everyone in church life.

We will do this through:

- providing information
- training leaders and members
- working in partnership
- creating an enabling environment, both physically and in our attitudes to each other
- encouraging confidence among all people in relating to each other

We would be pleased to receive comments and suggestions - please contact a warden or member of the PCC. One of the welcome team will assist you in this if required.
