
CHRIST CHURCH, CHILWELL,

PCC MEETING SUMMARY

7.30pm, Thursday 18th January 2018

Discerning a vision

There will be five prayer meetings, a PCC away day and a meeting of house group leaders in the next few weeks. Andy is also receiving training in mission action planning. Andy is aiming to present a draft vision for our church's future at the APCM in March.

Youth work

As we say goodbye to Sky, responsibility for youth work is being handed over to individuals within the church. Pathfinders and Inspire need more helpers to keep functioning. If you can help, please speak to Andy.

New curate

A new curate, Michael Forsyth, along with his wife and daughter will be starting at Christ Church in July. Michael is a former RAF logistics officer.

Church fabric

In the large hall, trolleys to store tables and chairs in the new cupboard are being purchased. In the small hall, blinds will be fitted and the use of acoustic tiles to dampen noise is being investigated. The main church boiler is unreliable and spare parts are scarce. Quotes are being obtained for a replacement.

Safeguarding and data protection

New policies on safeguarding vulnerable adults and children were approved. New data protection laws come into effect in May. Gary Stephenson is reviewing how our current practice may need to change.

Finances

The church had a deficit of £58k in 2017. The forecast for 2018 shows an estimated deficit of £21k. We currently have reserves of £84k, the equivalent of 15 weeks expenditure.
